

## 5 day Fall Horseback Whitetail/Mule Deer Hunt in Northwest Montana for 1 Hunter

Swan Mountain Outfitters is pleased to offer a 5 day Horseback Fall Whitetail/Mule Deer Hunt in the famed Swan Valley of Northwest Montana, hunting the foothills of Swan Mountain which forms the western border of the Bob Marshall Wilderness Complex.

Since all hunts are designed as combination hunts, hunters will have the opportunity to get either a whitetail or a mule deer and perhaps an elk while they are hunting for their deer. All hunts are done off of horseback and from an authentic outfitter camp with wall tents, etc.

Hunts include food and lodging at camp, guides at a ratio of two hunters to one guide, meat care and trophy preparation. Hunters have a choice of several weeks in November 2016 or 2017 to choose from. The successful bidder can take additional guests at regular rates (\$3,500 per hunter). Licenses not included. The trip does not include transportation/lodging/meals prior to or after the trip.

We pride ourselves in providing top class hunting, quality meals and “rugged luxury” amenities in such a true backcountry setting.

**Value: \$3,500**
