

5 day Horseback Spring or Fall Bear Hunt in Northwest Montana for 1 Hunter

Swan Mountain Outfitters pleased to offer a 5 day horseback Spring or Fall Bear Hunt in Northwest Montana for 1 hunter.

In Montana, all Black Bear hunting is done fair chase - no bait, no dogs. Great color phase bears to be found. We offer comfortable tented lodging, and our hunts are most often done off of horseback. If preferred, hunters can also walk or use stands.

Includes food and lodging, guides at a ratio of two hunters to one guide, transportation to/ from airport. There is also plenty for a non-hunter to do, and we often have spouses staying at the lodge and do activities around the area while their spouse hunts.

The successful bidder can take additional guests at regular rates (\$3,000/person). Bear license not included (\$350). Hunters will be in the famed Swan Valley in Northwest Montana, touted by many to having the highest concentration of black bears in the state.

Value: \$3,000
